"t a n g o" is SONiA & disappear fear's dance with the world. Award winning American born singer/songwriter SONiA Rutstein composes 12 songs in Spanish, Hebrew, Arabic and English creating a Latin-Middle Eastern folk pop sound. True to her life long cause of a world without fear the songs weave personal trials of love and romance next to heartfelt political ideologies. The songs combine the indigenous sounds of djembes, tin whistles, violins and acoustic guitars, and resonate with the harmonies of disappear fear [SONiA along with percussionist/vocalist Laura Cerulli]. Making guest appearances are Rabbi Elizabeth Bolton and members of the original disappear fear band. Lyrics are included in a colorful 24 page booklet in all four languages over a colorful display of SONiA's paintings.

"SONiA'S Tango is a masterpiece expressing
 the solitary romance of our softly moonlit
 ballroom. We are planetary partners holding
 on for dear life. It is the fond assurance
 of a true believer faithfully dancing in
 the glorious world of the hopeful lover.
 Tango presents perfectly created and
 recorded music that abounds with inspiration
 and exaltation. Here is an album that
 beats with the listener's heart and breathes
 with the humanity of a talented solo singer,
 along with the echo of every optimistic
 voice on earth. A whisper, a prayer,
 an embrace, and a song unsung...until
 now. If the question is, "May I have this
 dance?" The answer is, Tango."
